

VAPORWAVE GRAPHICS

DOMAIN SPECIFIC
LANGUAGE

MVP FEATURES

- Set pastel/gradient backgrounds
- Add retro-style assets (e.g., sun, palm tree)
- Write stylized text (e.g., "Aesthetic" in MS-Gothic)
- Generate PNG output with a script

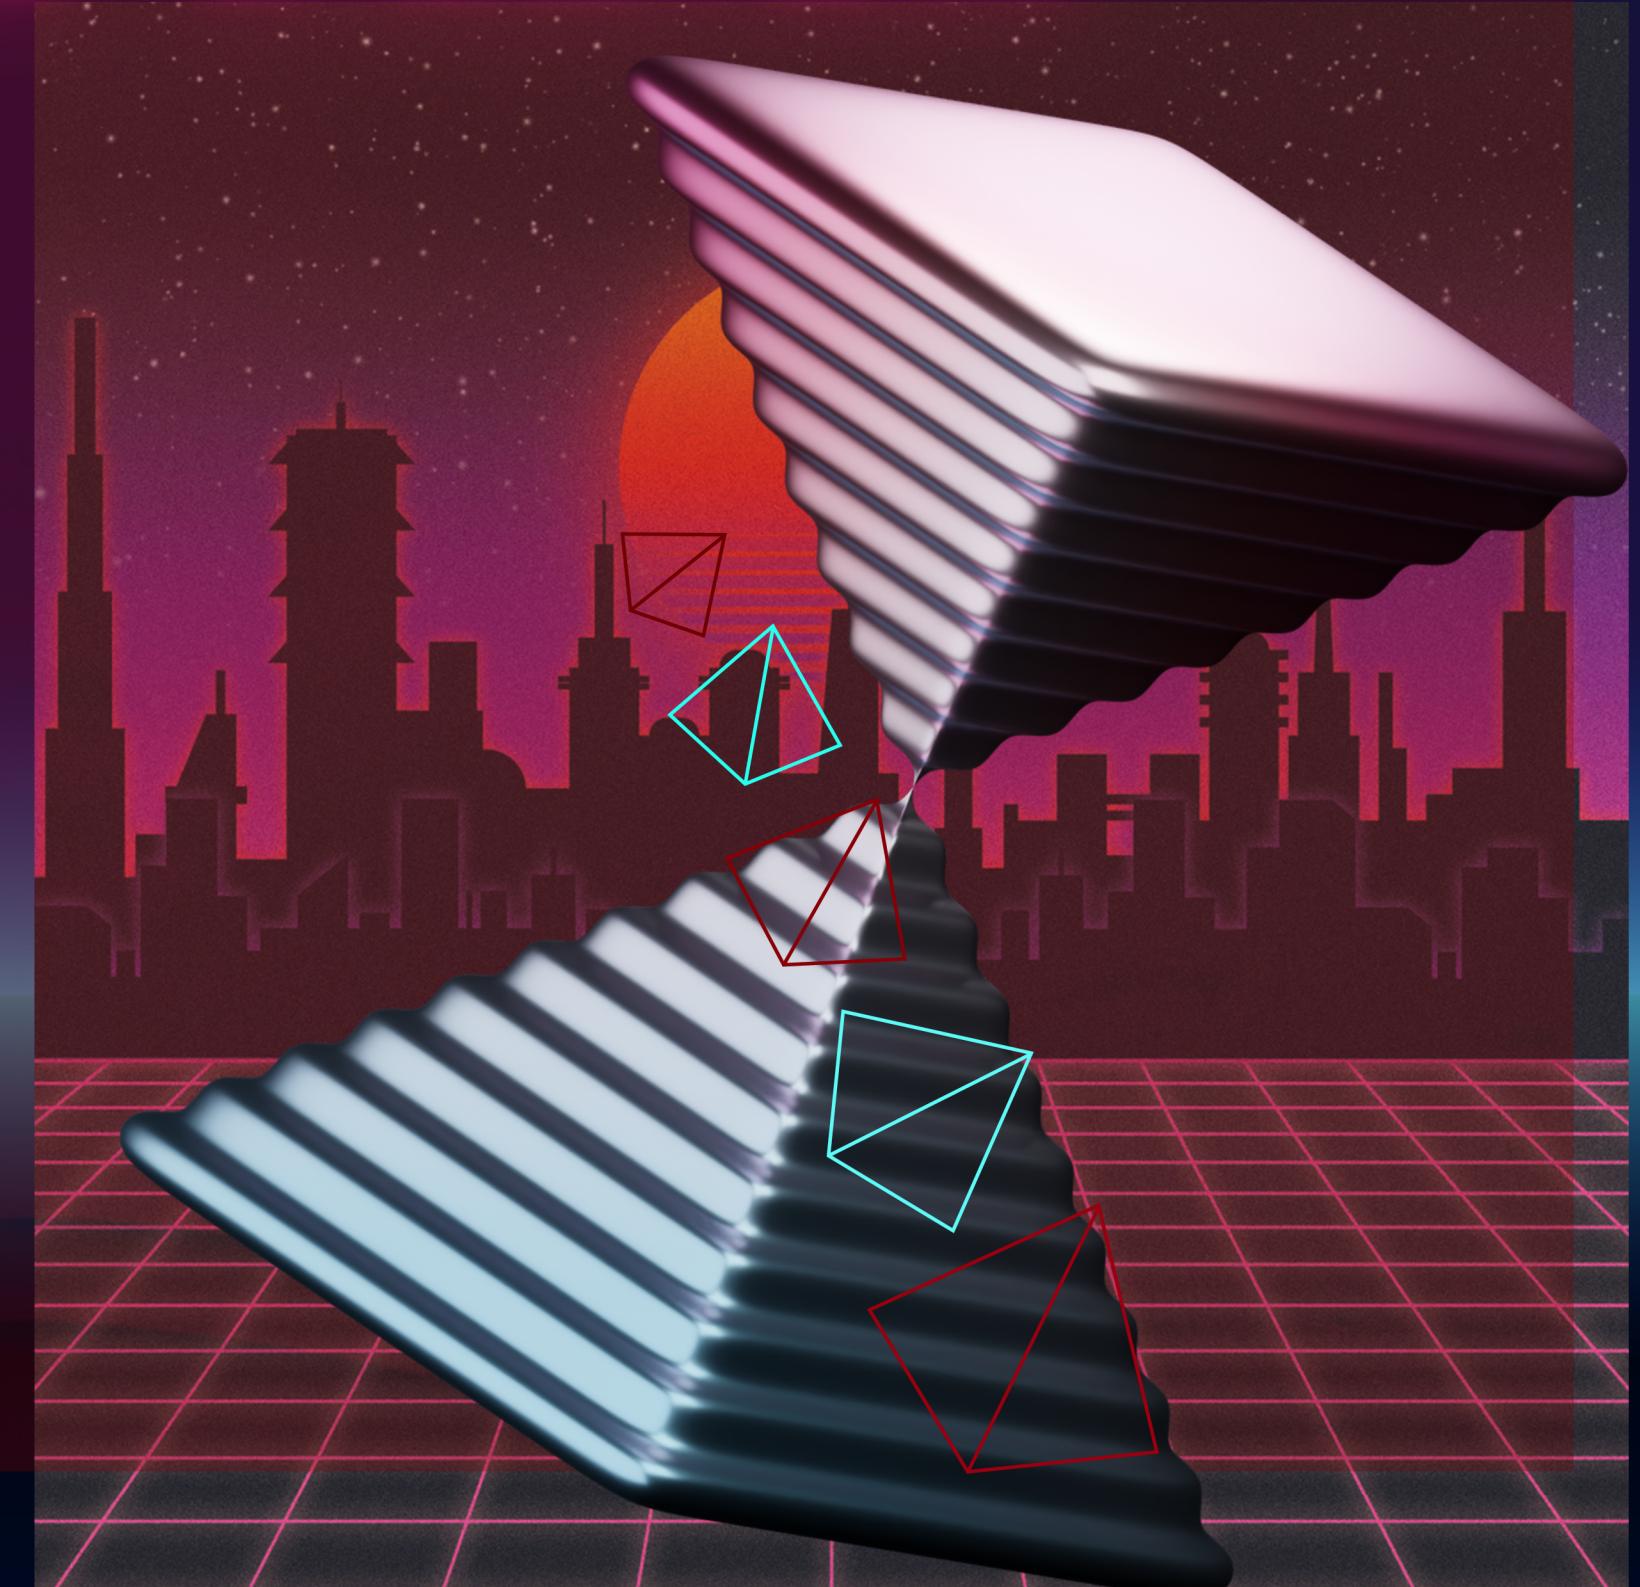

LANGUAGE DESIGN

- Easy to learn
- Minimal commands
- Declarative style

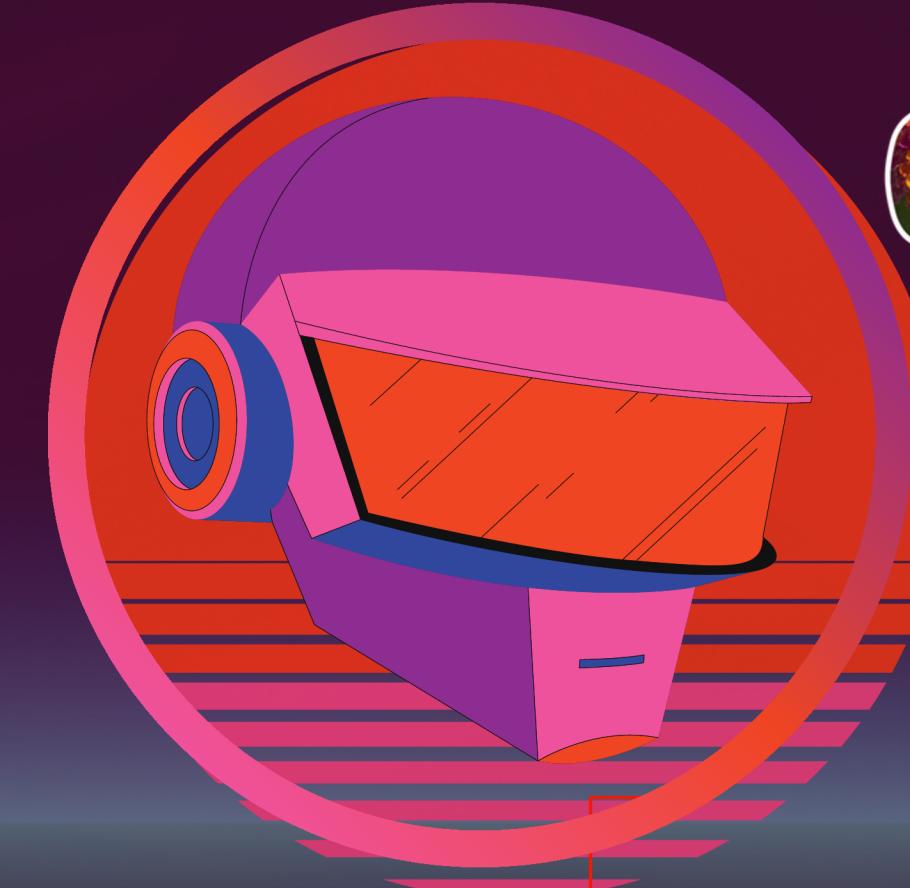

Possible example:

```
background gradient pink blue  
add asset "sun" at center  
text "Aesthetic" at bottom in MS-  
Gothic
```

DESIGN CHOICES

- Embedded DSL in Python for rapid development
- Fixed canvas and basic grid layout for simplicity

pillow

- Preset colors and templates to match the vaporwave style
